

Join our team!

METRONOMIA Clinical Research GmbH is a growing CRO providing clinical research services for biotech and pharmaceutical companies since 1990. Metronomia's focus is on biostatistics, clinical data management and e-clinical services.

We would like to expand our biostatistics team with an outstanding applicant who contributes to our reputation in biostatistical services.

Senior Statistician (m/f)

Your responsibilities:

- Provide review and guidance to the team and customers on all statistical aspects of clinical trials
- Project work and responsibility for the statistical input in developing of all major documents, including study protocols, statistical analysis plans and clinical study reports
- Programming and validation of statistical analysis with SAS 9.x
- Project management of statistical and SAS programming services
- Collaborate in the development and maintaining of SOPs
- Maintain comprehensive knowledge of theoretical and applied statistics and regulatory guidelines, attend conferences and be proactively involved in professional statistical societies.

Your profile:

- Minimum of a Master Degree/Diploma in Statistics, Biostatistics, Mathematics or a related field
- Minimum of 7 years of experience in clinical trials related statistical analysis
- Experience working in the pharmaceutical industry or a CRO and comprehensive understanding of regulatory guidelines in drug research
- Good working knowledge of SAS
- Sound knowledge of CDISC standards
- Excellent communication skills - both verbal and written in English and German

We would be glad to explain the job requirements to you personally. We offer an attractive position, a very cooperative and open working atmosphere and an adequate, performance-oriented salary. Participation in internal and external training is self-evident for us.

Are you interested? Then we are eager to receive your application.

To apply for this position please send your informative application (including your earliest start of work and your salary expectation) via email:
